## Live-Cell Imaging Workshop for the BioImaging Utrecht Winter Meeting

During the BioImaging Meeting, William Fresquet will give an introduction to Andor EMCCD and sCMOS cameras:

*“From the fundamental of sensors to the fast & Sensitive Imaging technology”*

Location: Hubrecht Institute, Auditorium

Date: February 3, 15.00 – 17.00 h

The workshop will run from Tuesday **February 3<sup>rd</sup>** to Thursday **February 5<sup>th</sup>**. During this time, you will have the opportunity to compare Andor EMCCD and sCMOS cameras and test your own samples on a Nikon Ti-E microscope.

To secure your place during the workshop, send an e-mail to:
