

Back after 3 year of silence:

BioImaging Utrecht image competition

**Fluo-LM
category**

**EM
category**

Will you be the next winner?

The focus of this competition is to show that microscopic images not only have scientific value but can also have an artistic value.

The images will be judged on their visual effect.

We have two categories: Fluorescence images and Electron microscopy images. The 1st price will be 200 euro (2nd 50 euro), provided by Carl Zeiss.

A few rules apply:

- One image per person can be submitted.
- Mild processing is allowed.
- The image must be acquired in the Utrecht Science Park (USP).
- Images submitted for this contest might be used for artistic purposes.

How to participate: send your image together with an artistic title, name of the system that was used and a short scientific description to:

Bioimaging.Utrecht@gmail.com

Image format:

JPEG

Deadline:

October 20th 17:00

Winner announcement:

November 9th
